

Specials Are Our Strength At Ted Thorsen

At Ted Thorsen we pride ourselves on standing out from other material handling suppliers. We are capable and experienced in custom fabrications and modified versions of many of the products we offer. Would you like an extra shelf on that cart? Need a specific color? Need something wider, more heavy-duty, or with larger wheels? *We can do it!*

If you don't see what you're looking for or you would like to see pricing on a modified version of an existing design, give our expert sales team the opportunity to show you just how we can get you what you need. *You can't get that from our competition!*

Ted Thorsen

- Providing Quality Custom Corrugated Plastic Products

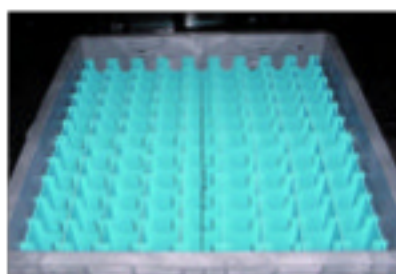

Ted Thorsen boast 5 manufacturing locations to better serve your corrugated plastic requirements. Contact Ted Thorsen with your tote and reusable container projects. We will gladly provide a prompt quote. Corrugated plastic can be fabricated into: dunnage and dividers, custom size tote boxes and distribution containers, special shape and size containers, pallets, and signage. Corrugated Plastic is a very cost effective choice. has in-house die-cutting capabilities as well as in-house screen printing facilities. Customize your corrugated plastic products further with logo or graphics imprinting.

Heavy Duty stackable secure containers can be fabricated from heavier gauge corrugated plastic.
