

VERTICAL AND HORIZONTAL DIVIDERS

Horizontal Dividers

Sub-divide Divider Boxes to increase part protection and prevent part migration.

Vertical and horizontal dividers are available to maximize efficiency and flexibility. For easy insertion of dividers, NDC containers feature molded-in "no guess" textured divider grid and numbered divider slots. Multiple-height polyethylene dividers are available for all models excluding DC1025.

Vertical Divider Compatibility Chart (Black = Partial Height Dividers Red = Full Height Dividers)

Container Model	Divider Type	# of Divider Slots	Vertical Divider Height								
			1.9"	2.9"	3.5"	4.3"	4.4"	5.4"	6.4"	7.4"	11.3"

LIDS FOR DIVIDER BOXES - 4 STYLES TO CHOOSE FROM

Heavy-Duty Snap-On Solid Covers are durable covers that fit securely on the container to conceal and protect contents.

Insert Covers rest inside the container perimeter stacking edge. These clear lids are available only for the 3000 series.

Light Duty Clear PVC Covers sit easily on the container, protecting contents from dust and contaminants.

Heavy-Duty Snap-On Clear Covers fit securely on the container for easy visual inspection of contents.
