

Welded Tubular-Box Design

Shelves

Boxer™ Shelves are constructed of 20 gauge steel with full welded box formation in front and back of the shelf and have formed channels on both ends. All corners are lapped and welded for additional strength. The box formation is welded on a 6" center minimum to provide integrity the entire length of the box. All shelves have a box profile height of 1 1/2". All box shelves accommodate either clip or nut and bolt connection to the upright. Shelves are manufactured in 24", 30", 36", 42", and 48" widths - and 9", 12", 15", 16", 18", 21", 24", 30", 32", and 36" depths.

Welded Seam Corners

Posts

All posts are 14 gauge steel and are manufactured in 1 foot increments.

- The box post (top right) provides unobstructed shelf access. One box post takes the place of two angle posts at the front of a shelving unit.
- The offset angle post (lower right) reduces shelf accessibility by 1 inch per end.

Standard Finish for shelves and posts is Gray Enamel. Call for alternate colors (sand, blue, tan, putty, red, black, or pearl white) available at additional charge.

Call for pricing on 22 or 18 gauge steel.

Box Post
Holes 1 1/2" O.C.

Offset Angle Post
Holes 1 1/2" O.C.

Open & Closed Type Shelving Units

Heavy duty steel shelving engineered to fit any storage need. Ideal for warehouse, stockroom or office areas. Fast, easy assembly. Use independently (starter sections) or in continuous row (adding add-on sections). Shipped knocked down. Gray baked enamel finish is standard. Choose open or closed designs. Many other heights and designs available - call for pricing and information.

5-Shelf Open & Closed Starter Sections

Open Starter Section consists of:

4 Posts, 2 Pairs Side Braces, 1 Pair Back Braces, Shelves

Open Add-On Section consists of:

4 Posts, 1 Pair Side Braces, 1 Pair Back Braces, Shelves

Closed Starter Section consists of:

4 Posts, 2 End Panels, 1 Back Panel, Shelves

Closed Add-On Section consists of:

4 Posts, 1 End Panel, 1 Back Panel, Shelves

Shelf Load Capacities: (evenly distributed pounds per shelf)
 36"W x 12"D, 18"D, or 24"D = 850 lbs. • 36"W x 30"D = 650 lbs.
 48"W x 12"D, 18"D, or 24"D = 550 lbs. • 48"W x 30"D = 500 lbs.

7-Shelf Open & Closed Starter Sections
