CASTERS & SPHERICAL WHEELS

The Spherical Wheel, even loaded with a weight, can rotate in all directions, remaining in line with the vertical axis of the carried weight.

Model # SK-50P-B (Available only in Black)
Ball Size: 1.96"
Caster Height: 3.54"
Stem Length: 1"
Stem Diameter: 3/8"
Dynamic Capacity: 66 lbs.
Static Capacity: 132 lbs.
PRICE: \$18.28

Smooth Sliding:

Spherical Wheel offers the most easy change of direction, because it doesn't need to realign to the movement direction.

Anti-Overturn Function:

Spherical Wheel avoids the typical off-center of swivel wheels that causes the overturn of a piece of furniture, especially when the wheels are blocked.

Dust-Proof:

All the steel ball-bearing inside the Spherical Wheel has a double dust-proof protection and they go on working normally even with dirt or hair.

Durable Finish:

The housing is in glass-fiber polyamide 6 (nylon). This material is exceptionally strong, hard and shock-resistant.

Available in matte black.
