CALL or SHOP ONLINE for Heavy Duty

### Strip Door Features:

- Save energy costs by reducing the amount of heated or cooled air lost through an unprotected opening.
- Rounded edges to prevent cutting.
- Strips hang straight without warping, even under temperature extremes.
- Strips prevent the movement of dust, dirt and other contaminants from one area to another.
- Strip doors also provide noise reduction.
- Includes MaxBullet® HTP-Silver Mounting System, simply push door strips into place. No climbing to retrieve nuts, bolts and washers.
- Installs on side or underside of door frame.

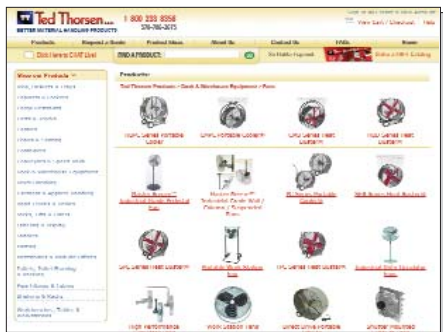

Mounting System

### Choice of doors:

- **Standard** (8" width x .080" thick, 50% overlap)
- **Heavy Duty** (12" width x .120" thick, 66% overlap).

All strips are cut and holes punched to size. (FOB Alabama)
