

CUTTING & PRODUCTION TABLES

PUT OUR TABLES TO WORK IN YOUR CUTTING ROOM OPERATION.

These tables are built with the heaviest standard frame in the industry. Every piece of framework is made of 12 gauge steel. We use only the cold drawn steel because of its greater tensile and yield strength. The legs feature full 1 1/2" deep channels to insure maximum strength.

Table tops consist of high quality tempered hardboard panels with screened backs for better adhesion to the table core. These specially designed panels are made of eucalyptus fibers compressed through a heat process to create a very smooth and durable surface. The table core consists of 45 lb/ft³ density board to withstand the heaviest loads.

Our table tops have beveled lower edges (unique in the industry) to allow perfect fit with the side aprons. Steel splines connect sections securely for a smooth continuous surface. Our precision workmanship makes the table assembly a breeze.

24" WIDE CUTTING TABLES

Model Number	Size (DxW)	Table Top	Approx. Wt.	Price
UN-CT24x24	24"x24"	hardboard	66 lbs.	\$157.16

HEAVY DUTY ADJUSTABLE LEG WORKBENCHES

• Legs Have Slide Bolt Height Adjustment – Full 8" Range • Choice of Benchtop • Many Options & Configurations

- Putting tasks at the correct heights improves worker comfort, increases productivity.
- Steel slide-bolt bench legs enable you to position bench tops from 29" to 37" high.
- Built-in bolts secure legs within an 8" sliding range. • Leg levelers included.
- Choose from a selection of pre-configured units below.
- Add accessories to customize your workbenches.
- All steel components are available in a choice of two colors: Dove Gray or Putty.
- Bench tops are available in 4 choices (shown below):
 - 12-Gauge Steel Top – 1³/₄" Thick (1)
 - Laminated Hardwood Top – 1³/₄" Thick (2)
 - Plastic Laminate Top 1⁹/₁₆" Thick, 180° Curved, Soft Front Edge (3)
 - Super Composite Top with Comfort Edge – 1³/₄" Thick (4)

Dove Gray Workbench shown with Super Composite top, plus shelf, stringer, drawer, pick rack and plastic bins. – Please call or shop online for accessories.

PACKING WORKSTATIONS

← **Packing Station 1** features 4-way adjustable paper spool holder, hoop divided top and bottom shelf, middle shelf, standard bin rails (does not include bins), overhead lighting, 4-outlet power strip and an overhead shelf with adjustable dividers. This station is available as is or as a custom configuration with your choice of accessories.

Size: 60" x 36" w/laminate top. • **Part No:** SB-P6036BSZ
Price: \$1,124.91 as shown

Under Bench Spool Holder
Part No: SB-4-BWB
Option Price: \$53.90/ea.

Packing Station 2 →

With 5 inches of work height adjustability, this straight forward packing configuration features a bottom shelf with hoop dividers, four-way adjustable paper spool holder, slanted shelf, overhead lighting, a four outlet power strip and storage drawer.

Size: 72" x 30" w/laminate top and adjustable legs

Part No: SB-P7230BDN

Price: \$1,024.04 as shown

OVER-THE-CONVEYOR WORKSTATIONS

Make the best use of available space.... Turn inactive space into functional work areas.

Here's the perfect answer... A workstation designed especially for over-the-conveyor applications where floor space is tight and the need for work space is great. Illustrations show how a proposed workstation for the following applications will be equipped.

- Carton (void) filling
- Packing
- Manifesting
- Testing
- Small Parts Assembly
- Computer Stand

Remember, all components are modular and are quickly interchangeable. Some workstations are stand alone, others have uprights that are attachable to the conveyor framework. Contact Ted Thorsen for assistance in selecting a design just right for your application. (Computers, monitors, tape dispensers, etc. not included.) Conveyors sold separately.

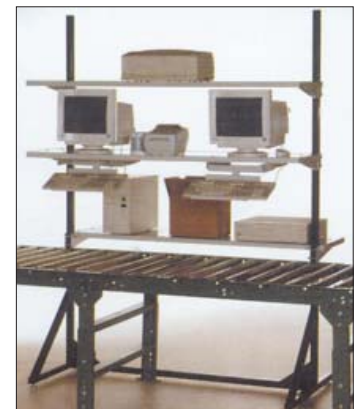

• **DN-OC-1501 Over Conveyor Packing**
 As shown: \$2,096.67 plus Power Cutter #DP1000

• **DN-OC-1503 Testing / Manifest**
 As Shown: \$1,766.52

• **DN-OC-1504 Over Conveyor Assembly**
 As Shown: \$1,269.24 without bins

• **DN-OC-1505 Over Conveyor Double Manifest**
 As Shown: \$1,410.50

• **DN-OC-1502 Over Conveyor Material Storage**
 \$1,910.90 Includes 50" manual compression cutter for packing materials. – Cantilever bar is additional.

• **DN-OC-1506 Conveyor PC**
 As Shown: \$699.52 scanner box additional

• **DN-OC-1507 Over Conveyor Dunnage Dispensing**
 As Shown: \$1,224.94 with Power Cutter #DN-DP1000 additional

PACKING STATIONS, ESD & COMPUTER WORKSTATIONS

Custom Packing Stations

Choose any combination of available accessories to outfit your custom packing station, or let Ted Thorsen put together a custom packing station to suit your unique application.

Choose from a variety of accessories, such as:
